Be very respectful of the instruments: Do not place ANYTHING on the pianos except the music you are playing at the time. Pianos and digital keyboards are provided by Schmitt Music, Boulder Piano Gallery and Rockley's Music.

Student Announcers: Each piece will be introduced by a student performer and should be limited to about 30 seconds in length. If you have been selected to announce a piece, please do some research (with your teacher, parents, or on your own) to create a short introduction for your piece. Your script may include information about the composer or arranger, or an interesting story about the history of the piece or how the piece came to be composed or became popular, or its meaning to the composer or listener. Please rehearse your speech with your teacher.
