PRICES

The prices printed here are definitely subject to be changed by the publishers, so use this just as a guide.

DOWNLOADED MUSIC:

Please let students know that any downloaded copies that you purchase should be contained/bound in a black notebook, binder, folder, etc. so that they are not dealing with loose sheets. Please be sure that any binder, etc. that you use will not scratch the piano rack. Make sure to order the EXACT order number as there can sometimes be many versions of the same title. Also, the teacher's piece cannot be downloaded - there is a version of this piece out there, but it is simplified, so it is not the exact title that we're looking for.

Also, for the downloaded music, often you can get a discount if you purchase multiple copies. And, sometimes [musicnotes.com](https://www.musicnotes.com) sends out a discount code, so get on their mailing list!

CHOPSTICKS

Play staccatos lightly with energy.

Primos: make sure to play the high G on count #3 (quarter note) at the completion of your glissandi.

WALTZ OF THE FLOWERS

Both parts play *leggiero* with a true waltz feel (dynamically, a strong count #1 and back off of counts #2 & #3 unless indicated differently).

At m. 17, secondo make sure that you stay *mf* and primo make sure that you stay *f*.

Take the repeat.

Group A3 Conductor Notes (cont.):

THEME FROM MOZART SYMPHONY #40

Make sure to pay careful attention to all articulation.

WONDERFUL CHRISTMASTIME

Secondos:

Add pedal in the middle section (mm. 25-40) changing on counts #1 & #3.

Primos:

Make sure to note the difference in rhythms between mm. 13 & 15 and mm. 17 & 19.

Both parts:

Add a "rit." at mm. 55-56

Take all repeats.

Observe all accents.

We will add singers from mm. 25 - 40 singing:

"The choir of children sing their song,

They practice all year long.

Ding - dong, ding - dong, ding - dong, ding - dong,

Ding - dong, ding - dong, ding - dong."

DING DONG! MERRILY ON HIGH

Play with strong fingers, even eighth notes and lots of energy!

Primos: just a fingering suggestion from mm. 21-24 (to be able to play with strong fingers for clarity):
play each count #1 of the LH with finger #1.

Group B1 Conductor Notes:

TWO GUITARS

Make sure to pay careful attention to all articulation -- play staccato eighths shorter than staccato quarters.

Add a rit. in m. 28 and a tempo change at m. 29. We will slow down there to qn=108 and accel. (and cresc.) back to tempo by m.33. (in rehearsals, **if** students are able, we may continue an accel. all the way to the end).

Play the grace notes as acciaccaturas (grace note played simultaneously with the main note -- "crushed" into it -- and then immediately let go).

Only use pedal as indicated.

JOY TO THE WORLD

Grand & Majestic!

Secondos PEDAL -

- take off pedal when you are playing a 16th note scale and on m. 6 with those low walking 8ths:

 - no pedal mm. 10 & 22 for counts #1 & #2
- add a pedal change at m.31 on count #2
- don't pedal too deeply for mm. 34 - 35 (perhaps "flutter pedal" a bit)

THE PHANTOM

Make sure to pay careful attention to all articulation. Play with a lot of energy!

Secondos: Only add pedal where indicated.

Group B1 Conductor Notes (cont.):

YOU'VE GOT A FRIEND IN ME

We will be replacing the last measure of the song with a different measure that you will find printed on the last page of this document. Print off that page (which includes that last measure multiple times), cut one out and just paste it on top of the student's music, over the last measure.

For the "clap" at the end - players hands will be horizontal to the ground. Secondo will use their RH palm up and Primo will use their LH palm down to clap together (sort of a sideways "high-five").

Swing the ♪

Play the grace notes as acciaccaturas (grace note played simultaneously with the main note -- "crushed" into it -- and then immediately let go).

Observe rests carefully.

No pedal.

Primos:

- Make sure to play LH quarter notes staccato at mm. 19-21 and mm. 40-42 to match the beginning.
- When playing melody, shape phrases with a cresc. then dim. unless otherwise marked.
- Dynamically, when you have melody, play on the louder side of the dynamic indicated (if *mp* is indicated, play between a *mp-mf*)

Secondos:

- Dynamics: change m. 6 to be between *p-mp*
change m. 22 to *mf*
change m. 35 to a dim.
change m. 36 to a *mp*
- Make sure not to play heavy or too loud.

CANON IN D

Secondos:

Use pedal from m. 1-24 (changing on counts #1 & #3), then senza pedal till m.33. Follow pedaling instructions in the music from there to the end.

Both parts: add a lot of dynamic shaping & expression in your melodic phrases.

Group B2 Conductor Notes:

Espressivo (expressive) and leggiero (lightly) are the primary instructions that Brahms has given. In m. 1-48 play 6 measure phrases that start *p* and crescendo to *f* at the third measure of the phrase, then decrescendo to the 5th and 6th measure.

Primo: in m. 29, 35, 41, and 47, the *sfz* should be executed by making the first RH 16th note important (but not *sfz*) followed by an immediate decrescendo.

Take all repeats

m. 117, a tempo, qn=116

m. 129-134, poco rit.

Vivo; m. 49-84, pedal only on beat 1 of m. 55, 57, 69, 71, 77, 79 etc.

If in doubt, don't.

Group C Conductor Notes (cont.):

SANTA'S WILD RIDE

QN=160

Be sure to review (learn, sight-read, re-learn) Schumann's The Wild Horseman (aka The Wild Rider) in order to get the most from this arrangement of Santa's Wild Ride. Note that there is no *ff* dynamic. The piece relies on light staccato, punctuated with syncopated staccato notes, and on balance of melody and accompaniment, which move between secondo and primo to achieve its musical goals.

M. 11 All 7/8 sections will be divided into 3+4 (one beat for the first 3 eighth notes + one beat for the next 4 eighth notes). For rehearsal, it may be easier to start by dividing it 3+2+2. Also, at m. 11, note that the Secondo-Right Hand top note doubles the Primo melody. If you can "voice" the RH chord to bring out the top note, it will add greatly to the musical balance.

M. 27 Secondo: play subito *p* on beat one, even though Primo has *f* on beat one.

M. 31 Primo: first appearance of The Wild Horseman

M. 43 Secondo: next appearance of The Wild Horseman

M. 61 Secondo: Debut of the third tune, "God Rest Ye Merry, Gentlemen."

All three tunes reappear in quick succession: m. 63 (P), m. 65 (S), m. 75 (P&S).

Needless to say, it is essential that m. 98 be counted correctly and kept in tempo

HOW TO TRAIN YOUR DRAGON MEDLEY

Lively, m. 1: qn=112

Moderate, m. 46: dqn=116

Slightly faster, m. 87: qn=120

m. 127: qn=92;

For the poco a poco accel.: m. 131: qn=96; m. 133: qn=100; m. 135: qn=104; m. 139: qn=108

m. 143: qn=112

m. 155: qn=80

Pedaling: Be judicious.

Add pedal beginning with m. 5, and change each beat to keep the secondo 16ths clean-sounding. Do the same each time there are 16ths, both in secondo and primo.

M. 8, release pedal on beat 4; Add pedal in m. 9 on the "and" of 2. Same for m. 10-11.

M. 22-25, no pedal.

M. 26, add pedal

M. 34-39, no pedal

Use similar pedaling for the rest of the piece.

Secondo, there is a misprint in m. 29. The beat 1 RH chord should be the same as beat 1 of m. 27 (B-flat-F-G).

Do the rit e dim. as written in m. 44-45 (the practice recording on the BAMTA website does not). Watch out for the Primo 15ma at m. 143.

Adult & Alums Group Conductor Notes:

SICILIANO

No pedal please - rely on finger pedal and legato playing. Follow articulation and rests carefully!

Add dynamic shaping within indicated dynamic markings (cresc. followed by a dim., usually, for each phrase). Think elegant, graceful and affectionate.

Grace note as indicated in m. 4.

Primo - trills at m. 33, played (starting ON count 5) as 32nd notes (Bb-A-Bb-A) - with that last A holding:

play: [Bb - A - Bb - A ----- G]

counts: [5 e + a 6 +]

Replacement Measure (B1)

for YOU'VE GOT A FRIEND IN ME (here is the last measure - play this instead of the original m.43)
