Also, for the downloaded music, often you can get a discount if you purchase multiple copies. Music Notes:

Observe repeats unless indicated differently below.
Only swing the 8ths if indicated in the music or specified differently below.
A1 & A2 pedal is optional. A3 and above, pedal as indicated in the music.

A2:

Skateboard Boogie: NO swing. Yes to pedal at the end.

The Road to Dublin: Yes to pedal if the Secondo is able. Yes to the repeat.

Yellow Submarine: Swing the 8th notes. Yes to the repeat. Plan for audience to sing 2nd time through the chorus!

A3:

Love is an Open Door:

**** PRACTICE RECORDING** - Use the "Interactive Sheet Music" recording under your account at SheetMusicDirect.com to practice with after you've purchased your music. You can control the tempo too, so you can practice with this before you're up to tempo!

A Winter Tale: Secondo may drop top the notes of the octaves if they'd like (m.32-35 & m.37-38)

B1:

You'll be Back: Swing 8th notes most of the time, but watch for when the music tells you to go to straight 8th notes.

**** PRACTICE RECORDING** - Use the "Interactive Sheet Music" recording under your account at SheetMusicDirect.com to practice with after you've purchased your music. You can control the tempo too, so you can practice with this before you're up to tempo!

Passacaglia: Get to know this chord progression really well: **g - c - F - B^b - E^b - a^o - D - g**

Primos - play the trill in m. 4 as an inverted mordent (B^b-A-B^b).

Secondos - light pedal (try for 1/2 pedal), changing frequently (every beat mostly) and no pedal at the end of each section on count #4 when there are 16th notes.

JFYI - in the Meno Mosso section, there are some 7ths added to the arpeggios - this is actually Handel, so it is done on purpose even though you'll hear some harmonies slightly different than the rest of the piece.

We Don't Talk About Bruno: Be careful not to print page 1 (the cover, unless you want to use up a lot of ink!)

****CUTS:** We will cut these measures - be sure to mark your music:

CUT M. 27 - 32

CUT M. 57 - 70

CUT M. 75 - 78

****Contact Karen Ziegler if you'd like help with the final printed version of this!**

Replace the snaps with CLAPS so that they'll be heard better.

Music Notes:

Page 2

B2:

Tico-Tico:

CORRECTION: PRIMO: the first note in **m. 44 & 76** for primo RH should be a **B** and not an A as printed.

The Christmas Song: **Replace** the original measures with the printed ones that are attached on the following pages. It is suggested that you cut the measures out and tape or glue them on top of your original copy.

Here is what is what you'll find:

SECONDO m.32 - This has just been re-written so that the ledger line notes are easier to read.

SECONDO m.53-54 - These measures have been re-written with the RH swung 8th notes written out & realized as triplet figures so that it is much easier to see how the hands line up rhythmically. Two LH octave notes were left out in m.53 for ease of playing if you'd like.

SECONDO m.57-60 - The LH rhythm has been changed.

PRIMO m.61 - Rhythm has been changed

PRIMO & SECONDO m.62 - The run will now be shared between the Primo & Secondo. The notes have not been changed from the original. Notice that the run (after the 1st couple of notes) is made up of a scale that is repeated 5 times. It has been re-written so that each scale is grouped together for easier reading.

PRIMO & SECONDO m.64 - The run will now be shared between the Secondo & Primo. The notes have not been changed from the original. Notice that the run is made up of 6-note groupings that consist of a root position arpeggiated F Major triad followed by a 2nd inversion G Major triad. Play each grouping with the LH playing the FM notes and the RH playing the GM notes

****Contact Rebecca Martin if you'd like help with the final printed version of this!**

The Villains:

When switching parts, be careful to continue reading your correct part - the original Primo player continues to read the top staves even though they are playing on the bottom end of the piano (and the original Secondo player continues to read the bottom staves even though they are playing on the high side of the piano).

Original Primo player pedals m.71-78 and the original Secondo player takes the pedal back at m.79 (not clearly marked).

Czerny Rondo: **CORRECTION:** PRIMO RH - take away the 8va in m.41 (typo). The 8va starts in m.42

REPEATS: Take all of the repeats up to the one in m.24, then DO NOT take any more repeats (no repeats at m.40, m.48 and m.56)

ADULTS & ALUMS:

Arioso: Yes to the repeat.

Music Notes:

Page 3

C:

We Three Kings:

Tempo: QN=158

Primo: Start m. 1 *P* and crescendo to *F* at m. 4. Decrescendo on beats 2 and 3 of m. 4.

Do the same for mm. 5-8 and mm. 9-12.

M. 13, decrescendo to *PP* at m. 16.

Ritard m. 14-16. A tempo m. 17

Primo and Secondo: poco rit. m. 30. A tempo m. 31

Count m. 91-106 in 6 beats/measure. Same tempo (QN=158)

Be aware of staccato notes vs. non-staccato notes (e.g. Secondo, m. 51-57; Primo, m. 71-78)

M. 94, Primo: be sure to make beat 3 is in tempo (not too fast)

Valse Triste:

Tempo: The composer indicates DQN=42 in order to create the flow of a waltz.

Practice at EN=126 may be more accurate in the early stages of learning.

Take all repeats.

Dynamics, pedaling, expression as indicated.

M. 7 and 15: poco rit.

M. 23-24: poco rit., second time only.

M. 31: poco rit.

M. 88, 96, 105, 113: poco rit.

Suggestion for Primo at m.17-20 and m.98-101: take the 2nd LH note of each measure (the dotted 8th note).

All of Me: **CORRECTIONS:** Here are some mistakes in the music, make sure to correct these:

PRIMO: **m.2** - add a FLAT in front of your C

BOTH PARTS: **m. 12** - add a FERMATA on your half notes on count #3

PRIMO: add an 8va above **m.28-31** (for RH)

Ballade:

CORRECTION: PRIMO: in **m.9**, the LH rhythm ends with three regular 8th notes (not a triplet) -
remove the printed triplet "3" over them

CORRECTION: PRIMO: end the RH 8^{va} at the end of m.100. The RH is *loco* from m.101 until the end.

Tempo: QN=120 (this is a change from the previous QN=116)

Dynamics and articulation as indicated

Add ritard to m. 16, 24, 54, 84, 91, 97.

Tempo change at m. 67 to QN=116

Pedal sparingly. Change with each beat may be necessary, especially m. 30-46.
